TITLE	New England Regional Student Program, Graduate Level 1974/75.
INSTITUTION	New England Board of Higher Education, Wellesley, Mass.
PUB DATE	[73]
NOTE	68p.
AVAILABLE FROM	The New England Board of Higher Education, 40 Grove Street, Wellesley, Massachusetts 02181 ($1.25)
EDRS PRICE	MF-$0.65 HC-$3.29
DESCRIPTORS	Doctoral Degrees; *Educational Opportunities; *Graduate Study; *Higher Education; *Masters Degrees; *State Universities

ABSTRACT

This document indicates graduate degree opportunities available through the New England Regional Student Program at the six state universities in New England, the Lowell Technological Institute and Southeastern Massachusetts University. Opportunities open to Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont residents are indicated. Master's degree curricula listings and certificates of advanced graduate study listings for graduate degree opportunities at state colleges are included. (MJM)

New England Regional Student Program

Graduate Level 1974/75

NEW ENGLAND REGIONAL STUDENT PROGRAM

Expanded study opportunities are made available each year to New England's college and graduate students through the New England Regional Student Program administered by the New England Board of Higher Education, the executive agency of the New England Higher Education Compact. This is a multifaceted Program, consisting of the following categories:

1. the undergraduate level program at publicly-supported, degree-granting two-year institutions,
2. the undergraduate level program at state colleges,
3. the undergraduate level program at state universities, the Lowell Technological Institute, and Southeastern Massachusetts University,
4. the graduate level program at state colleges,
5. the graduate level program at state universities, the Lowell Technological Institute, and Southeastern Massachusetts University,
6. the professional level program in medicine at the College of Medicine, University of Vermont,
7. the professional level program in dentistry for Maine residents only at the School of Dental Medicine at Tufts University,
8. the professional level program in occupational therapy for Massachusetts residents only at Boston and Tufts Universities, and
9. the professional level program in physical therapy for Massachusetts residents only at Boston and Northeastern Universities.

The information in this brochure relates only to the fourth and fifth of these categories. Persons desiring the details of the other categories of the Program should inquire at the New England Board of Higher Education.

This total Program, while not affording direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the Program are charged only the equivalent of the in-state tuition fees. These are arrangements agreed to by the trustees of each of the participating institutions.

GRADUATE DEGREE OPPORTUNITIES AT NEW ENGLAND STATE UNIVERSITIES, LOWELL TECHNOLOGICAL INSTITUTE AND SOUTHEASTERN MASSACHUSETTS UNIVERSITY

WHAT IT IS

An opportunity for qualified legal residents of New England to be enrolled, at the discretion of the participating institutions, in graduate degree programs of study which are unique or distinctive at a particular institution, or in which a specialization area within a broad subject marks a study program as one in those categories. Students admitted under these criteria will be charged only the usual resident (in-state) tuition charge.

WHO IS ELIGIBLE

Any qualified legal resident of any of the New England states.

HOW TO APPLY

A resident of any New England state wishing to apply for study under this Program at one of the six state universities, the Lowell Technological Institute or Southeastern Massachusetts University must first obtain certification from the Dean of the Graduate School of his home state university to the effect that the program of study desired is *not available* at the home state university. Applicants must, therefore, examine course offerings carefully. In cases where an apparently similar program of study is available at both institutions involved, this certification will normally take the form of endorsement of a statement from the chairman of the relevant department of study.

For necessary forms and detailed information, inquiries should be directed to the Dean of the *Graduate School* at the participating institutions.

Applicants must clearly indicate, both in their initial inquiries and on their application forms, that they are seeking admission under the terms of the New England Regional Student Program. Those seeking admission to a general subject area, e.g. History, must specify precisely the area of specialization they wish to follow.

GRADUATE DEGREE OPPORTUNITIES
AT NEW ENGLAND STATE COLLEGES

WHAT IT IS

An opportunity to earn a Master's degree or a Certificate of Advanced Graduate Study in certain curricula not offered at a New England resident's own state colleges or public four-year colleges. Each of the participating institutions offers, for regional enrollment under this Program, a wide variety of study program majors, and concentrations or specialization areas which are distinctive at each school.

Residents of the New England states, who live outside of the state in which the institution they wish to attend is located will, if admitted for enrollment in any one of these regional curricula, be charged only the regular resident tuition or instructional charge of the institution in which they enroll.

New England residents applying for enrollment under this Program at these institutions will be accorded priority consideration in admission, i.e., first priority will be given to residents of the state in which the institution is located; second priority will be given to the residents of other New England states.

WHO IS ELIGIBLE

Any bona fide resident of the New England states to which the listed courses are offered is eligible to apply for enrollment at the specified institutions offering curricula to the residents of his state. Academic eligibility will be determined by each institution.

HOW TO APPLY

For application forms, catalogs, and other institutional information, students should apply to the Director of Admissions at the institution concerned.

Students and others wishing more details about this Program can contact their high school or college counselors, the admissions officers or graduate schools at the participating institutions, or the Board at its office at 40 Grove Street, Wellesley, Massachusetts 02181.

new england regional student program

Expanded study opportunities are made available each year to New England's college and graduated students through the New England Regional Student Program administered by the New England Board of Higher Education, the executive agency of the New England Higher Education Compact. This is a multifaceted Program, consisting of the following categories:

1. the undergraduate level program at publicly-supported, degree-granting, two-year institutions,
2. the undergraduate level program at state colleges,
3. the undergraduate level program at state universities, the Lowell Technological Institute and Southeastern Massachusetts University,
4. the graduate level program at state colleges,
5. the graduate level program at state universities, the Lowell Technological Institute and Southeastern Massachusetts University,
6. the professional level program in medicine at the College of Medicine, University of Vermont,
7. the professional level program in dentistry for Maine residents only at the School of Dental Medicine at Tufts University,
8. the professional level program in occupational therapy for Massachusetts residents only at Boston and Tufts Universities, and
9. the professional level program in physical therapy for Massachusetts residents only at Boston and Northeastern Universities.

The information on the following pages relates only to the fourth and fifth of these categories. Persons desiring the details of the other categories of the Program should inquire at the New England Board of Higher Education.

This total Program, while not affording direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the Program are charged only the equivalent of the in-state tuition fees. At the state college level, students applying for study under this Program receive admissions preference among out-of-state applicants. These are arrangements agreed to by each of the participating institutions.

The Program, now entering its sixteenth year of operation, is one of the many activities sponsored by the New England Board of Higher Education in its efforts to expand opportunities for higher education for New England residents and to utilize more efficiently the higher education resources of the region. The Program has demonstrably reduced costly duplication of study programs in public institutions, while affording thousands of students major savings and expanded opportunities for study. It stands as a fine example of the educational benefits achievable through interstate and interinstitutional cooperation.

NEW ENGLAND REGIONAL STUDENT PROGRAM
GRADUATE DEGREE OPPORTUNITIES AT STATE UNIVERSITIES, LOWELL TECHNOLOGICAL INSTITUTE AND SOUTHEASTERN MASSACHUSETTS UNIVERSITY FOR LEGAL RESIDENTS OF NEW ENGLAND, 1974–75

WHAT IT IS

An opportunity for qualified legal residents of New England to be enrolled, at the discretion of the participating institutions, in graduate degree programs of study which are unique or distinctive at a particular institution, or in which a specialization area within a broad subject marks a study program as one in those categories. Students admitted under these criteria will be charged only the usual resident (in-state) tuition charge.

WHO IS ELIGIBLE

Any qualified legal resident of any of the New England states.

HOW TO APPLY

A resident of any New England state wishing to apply for study under this Program at one of the six state universities, the Lowell Technological Institute or Southeastern Massachusetts University must first obtain certification from the Dean of the Graduate School of his home state university to the effect that the program of study desired is *not available* at the home-state university. Applicants must, therefore, examine course offerings carefully. In cases where an apparently similar program of study is available at both institutions involved, this certification will normally take the form of endorsement of a statement from the chairman of the relevant department of study.

For necessary forms and detailed information, inquiries should be directed to the dean of the graduate school at the following institutions:

Leon J. Richelle*
Associate Dean of the
Graduate School
University of Connecticut
Storrs, Connecticut 06268
203/486-3434

Franklin P. Eggert†
Dean of the Graduate School
University of Maine at Orono
Orono, Maine 04473
207/581-7961

Edward L. Alexander
Dean of the Graduate School
Lowell Technological Institute
Lowell, Massachusetts 01854
617/454-7811 x206

Richard M. Fontera
Dean of the Faculty
Southeastern Massachusetts
University
N. Dartmouth, Massachusetts 02747
617/997-9321

M.H. Appley
Dean of the Graduate School
University of Massachusetts
Amherst, Massachusetts 01002
413/545-6666

William H. Drew
Associate Dean of the
Graduate School
University of New Hampshire
Durham, New Hampshire 03824
603/862-2201

Aloys Michel
Dean of the Graduate School
University of Rhode Island
Kingston, Rhode Island 02881
401/792-2263

William H. MacMillan
Dean of the Graduate School
Waterman Building
University of Vermont
Burlington, Vermont 05401
802/656-3160

Applicants must clearly indicate, both in their initial inquiries and on their application forms, that they are seeking admission under the terms of the New England Regional Student Program. Those seeking admission to a general subject area, e.g., History, must specify precisely the area of specialization they wish to follow.

*Inquiries regarding the MSW, JD and MBA should be directed to the following addresses:

Morton Coleman, Dean
School of Social Work
The University of Connecticut
Greater Hartford Campus
West Hartford, Connecticut 06117
203/523-4841 x251

Francis Cady, Acting Dean
School of Law
The University of Connecticut
Greater Hartford Campus
West Hartford, Connecticut 06117
203/523-4841 x341

Robert O. Harvey, Dean
School of Business Administration
Box U-41-B
The University of Connecticut
Storrs, Connecticut 06268
203/486-2317

†Inquiries regarding the JD should be directed to the following address:

Edward Godfrey, Dean
School of Law
University of Maine at Portland/Gorham
246 Deering Avenue
Portland, Maine 04102
207/773-2981 x435

GRADUATE DEGREE OPPORTUNITIES AT STATE UNIVERSITIES, LOWELL TECHNOLOGICAL INSTITUTE AND SOUTHEASTERN MASSACHUSETTS UNIVERSITY OPEN TO RESIDENTS OF CONNECTICUT

MASTER'S DEGREE PROGRAMS

NEW ENGLAND REGIONAL STUDENT PROGRAM
GRADUATE DEGREE OPPORTUNITIES FOR NEW ENGLAND RESIDENTS AT STATE COLLEGES, 1974 - 75

WHAT IT IS

An opportunity to earn a Master's degree or a Certificate of Advanced Graduate Study in certain curricula not offered at a New England resident's own state. The state colleges or public four-year colleges of each of the institutions listed in the following pages offer, for regional enrollment under this Program, a wide variety of study program majors and concentrations or specialization areas which are distinctive at each school.

Residents of the New England states, as indicated in the course listing information below, who live outside of the state in which the institution they wish to attend is located, will, if admitted for enrollment in any one of these regional curricula, be charged only the regular resident tuition or instructional charge of the institution in which they enroll.

New England residents applying for enrollment under this Program at these institutions will be accorded priority consideration in admission. First priority will be given to residents of the state in which the institution is located; second priority will be given to the residents of other New England states.

WHO IS ELIGIBLE

Any bona fide resident of the New England states to whom the listed courses are offered is eligible to apply for enrollment at the specified institutions offering curricula to the residents of his state. Academic eligibility will be determined by each institution.

HOW TO APPLY

Students wishing to apply for enrollment under this part of the New England Regional Student Program should note that curricula available in the State of Maine are listed elsewhere in this catalog under the heading, "Graduate Degree Opportunities at State Universities, the Lowell Technological Institute and Southeastern Massachusetts University." The former state colleges in that state are now constituent parts of the University of Maine.

For application forms, catalogs and other institutional information, students should apply to the Director of Admissions at the institution concerned. (See listing of participating institutions on the following page.)

INDEX
MASTER'S DEGREE PROGRAMS

Accounting (M.S.) 5, 8, 19, 33
Aerospace Engineering 8, 19, 26, 33
Agricultural and Food Economics 5, 8, 26
Agricultural Engineering 5, 19, 26, 33
American Civilization 42
Anatomy 5, 8, 16, 26
Animal Science 8
Anthropology 8, 19, 26, 33
Art 42
Art (M.F.A., M.A.T.) 8, 19, 26, 33
Art History 5, 8, 19, 26, 33
Astronomy 5, 8, 19, 26, 33
Behavioral Sciences 42
Biobehavioral Science 8, 16, 26, 33
Biological Engineering 8, 16, 26
Biological Sciences 8
Biology 42
Biology (M.S.T.) 8
Biomedical Engineering 5, 8
Biophysics 8, 19
Biostatistics 5, 8, 16, 26
Business Education 42
Chemical Engineering 33
Chemistry 42
Chemistry—Polymer Science Option 8, 19, 26, 33
Classics (M.A.T.) 8, 19, 26
Clothing, Textiles and Interior Design 8, 19, 33
Community Development (M.C.D., M.S.) 5, 19, 26
Community Planning (M.C.P.) 5, 8, 16, 19, 33
Comparative Literature 19, 26, 33
Computer Engineering 8, 19, 33
Computer Science 9, 19, 33
Counselor Education—Guidance Counseling 42
Creative Arts 43
Dairy Technology 9, 16, 26
Dramatic Arts (M.F.A.) 9, 19, 26, 33
Early Childhood Education 43
Earth Sciences 43
Economics 33, 43
Educational Administration 43
Educational Administration—Elementary School 44
Educational Administration—Secondary School 44
Educational Administration—Occupational Education 44

Educational Research 44
Educational Supervision & Curriculum Development 44
Electrical Biophysics 9, 16, 26
Elementary Education 44
Elementary Science 44
Elementary Teaching 45
English 45
English (for Junior College Teachers) 5
Entomology 26, 34
Environmental Biology 9
Environmental Engineering 19, 34
Environmental Health Sciences 5, 9, 34
Environmental Studies 5, 9, 26, 34
Experimental Statistics 9, 19
Extension Education (M.E.Ed.) 5, 9, 16, 19, 26
Fine Arts (M.F.A.) 9, 26, 34
Fisheries Biology 5, 9, 27, 34
Food and Agricultural Engineering 5, 20, 27, 34
Food & Nutrition 45
Food Science 20, 34
Forestry (Forest Resources, Wood Technology) 5, 27, 34
French 45
General Science 45
Genetics 9, 16, 34
Geography 5, 9, 16, 20, 45
Geology (M.S.T.) 5, 9, 16, 20, 27
German 27, 45
Germanic Languages and Literature 27
Greek (M.A., M.A.T.) 5, 9, 16, 20, 27
Guidance Counseling (See Counselor Education—Guidance Counseling) 42
Health Education 46
Health & Physical Education (See also Physical Education) 46
Hispanic Languages and Literature (Except Spanish) 20
History 46
Home Economics 5, 46
Humanities 46
Industrial Education 46
Industrial Engineering 5, 9, 20, 34
Instructional Media 46
International Studies 47
Italian 9, 16, 20, 27, 34, 47
Italian (Medieval Studies) 9, 16, 20, 27, 34
